I cant love you over here
I cant see you it's not clear
But when I'm alone
Well I praise you up my dear
Yes!

It's not the ball to my embrace
Though it adds to my disgrace
I see you've got that gun
God knows how you've got that gun
It's the end but you've seen my bravest face

I lie and I cheat
But I'll take it up with angels
When I die in my sleep
And I'm left here unresolved
Yeah I'm left here unresolved
Yeah I'm left here unresolved and indiscrete
