Why, why should I start
To fall short of the mark
Cant see in the dark to say
Ohoho
Cant see what you see
Or say what you mean
You say it's not meant to be
I say no! No! No!
No, no you cant go
I cant reach on my own
I wont leave you alone

So I decide to walk beacause the car won't move
And I realise that distance is no object so I
Smile, I know, you know

What, what did you see in me?
Why were you there for me?
Do you believe in me?
Ohoho
Fine! Walk like the rest of them
You don't talk like the best
You would settle for less
I'll say no, no, no!
Outsiders abandon me
The tables have turned on me
This one's a fantasy

So I decide to walk beacause the car won't move
And I realise that distance is no object so I
Smile, I know, you know

You turned my world on its head.
I can't believe what I said.
I said I've done all I can,
You said I don't believe that.
I said I like where I'm at,
I think im happy with that.
You make a good argument,
And you're so long in the tooth.
I said is that all you got,

You said I'm all that you're not.
I said that's better than most,
You cant read minds
