I cannot remember the last time  
That you were not around and playing on my mind.  
Said I'm not about to let you go  
Without a little something off my mind to let you know  
that I can better things for sure,  
If you would just believe it could be something more.

So wake up, so wake up.  
Is it just me, is this the same dream?

I cannot remember the last time  
That I went out alone and didn't rack my mind  
For things I have wished or thought to say  
Things that wouldn't matter to you anyway.  
But I know I can better things for sure  
I waited twenty years, I guess I'll wait one more.

So wake up, so wake up.  
Is it just me, is it just me?

Because she loves you and she always did  
Oh, what a dream but that's just all it is.  
Because she loves you and she always did  
Oh, what a dream but that's just all it is.

Imagine waking up and there she is, there she is  
She's wrapped up with a smile from a well placed kiss.  
Because she loves you and she always did  
Oh, what a dream but that's just all it is.

Imagine waking up and there she is  
And it's a million times the feeling that you thought it  
could be  
As you see her standing there you start to think  
Of all the million little moments that have led to this.

I know I can better things for sure,  
If you would just believe it could be something more.

So wake up, so wake up.  
Is it just me, is this the same dream?
