Do you see me?
I'm a sight to see
I'm slipping further to the jaws of defeat
I've been here before, I don't like it now
I once had it all but I lost it somehow

I'm down, you lift me up
You're taking me higher and higher to you
You fill this cup and I am astounded
With words and the sounds that come down from
above
I want more

A love so deep, a joy so rare
You're healing these wounds with the finest of care
The roses are blooming and my heart is singing
Losing the burdens that I once had to bare

I'm down, you lift me up
You're taking me higher and higher to you
You fill this cup and I am astounded
With words and the sounds that come down from
above
I want more
I want more
