One day I'll wake up and everybody's fine
And I'll see you standing there with nothing but a smile
And I'll catch you when you fall and suffer like I have
And I'll be there just half a step when you come running

Next day I'll see you've ran the race you've finally
made it through
I haven't stop loving you it's the truth I've washed your
sins away
Think of all the good times we will have I promise it's
worth the wait
Take a good look around you see the crowds this is
your home town

You see them on the footpath and in the hills they're
cheering you on
You see me on the palace steps with arms outs wide
come to the light

You can see me now robed in righteousness crowned
in majesty your father
You can see me now robed in righteousness crowned
in majesty.

One day I'll wake up and everybody's fine
And I'll see you standing there there's nothing but a
smile
