The rain is coming closer,  
I need to run for cover  
I need a place where I can go and hide

The rain is coming closer,  
I need to run for cover  
I need a place where I can go and hide

The pain is getting nearer  
It hurts to be the bearer  
I need a hand to hold and be my guide  
Oh how I wish I had achors of thick skin  
But

I need you, more than anybody says  
My heart beats faster with you around the bend  
I want you, more than you would ever know  
My heart beats faster  
Come on and let it show

It leaves me broken hearted  
Thought out and disregarded  
I need and angel to be by my side  
It leaves me broken hearted  
Thought out and disregarded  
I need and angel to be by my side  
Oh how I wish I had achors of thick skin  
But

I need you, more than anybody says  
My heart beats faster with you around the bend

I want you, more than you would ever know  
My heart beats faster  
Come on and let it show

I need you more than anybody says  
My heart beats faster with you around the bend  
I want you, more than you would ever know  
My heart beats faster  
Come on and let it show

Sticks and stones will break my bones  
And names will always hurt me  
The weight of expectation falls  
And brings me to my leads

I need you more than anybody says  
My heart beats faster with you around the bend  
I want you, more than you would ever know  
My heart beats faster  
Come on and let it show

I need you more than anybody says  
My heart beats faster with you around the bend  
I want you, more than you would ever know  
My heart beats faster  
Come on and let it show
