Putrescine and cadaverine  
The pungent twins of putridity  
Colorless and syrupy  
Biogenic amines...  
Putrescine and cadaverine  
Vapor of ornithine  
The stench of death visits me  
In the morgue laboratory...  
(Perfume of rot...heady, thick and hot)  
Putrescine and cadaverine  
Brothers in liquidity  
Fuming stench of carcass stink  
Noisome gas, fetid glee...  
Putrescine and cadaverine  
Ambassadors of ripened reek  
Breaking down dead protein  
Egressing odors miasmically...  
(Sickening stink...makes watering eyes blink)  
These dual chemical compounds, released shortly  
after  
Death  
Cloud the pleasant morgue ambiance with their foul,  
Rotten breath  
Fraternally bound to haunt swollen distended bodies  
Their chemical reactions clash amidst rank autopsies...  
NH<sub>2</sub>(CH<sub>2</sub>)<sub>4</sub>NH<sub>2</sub>...Putrescine!  
C<sub>5</sub>H<sub>14</sub>N<sub>2</sub>...Cadaverine!  
NH<sub>2</sub>(CH<sub>2</sub>)<sub>4</sub>NH<sub>2</sub>...Putrescine!  
C<sub>5</sub>H<sub>14</sub>N<sub>2</sub>...Cadaverine!  
Gorges rise and heave with the stench  
A symphony of sickness, perfumed with putrescence  
While affronted senses nauseously totter and lurch  
The carcass breeds odor, and chemically gives birth...  
NH<sub>2</sub>(CH<sub>2</sub>)<sub>4</sub>NH<sub>2</sub>...Putrescine!  
C<sub>5</sub>H<sub>14</sub>N<sub>2</sub>...Cadaverine!  
NH<sub>2</sub>(CH<sub>2</sub>)<sub>4</sub>NH<sub>2</sub>...Putrescine!  
C<sub>5</sub>H<sub>14</sub>N<sub>2</sub>...Cadaverine!  
The ripened tang of gaseous decomposition let loose  
in  
The morgue  
Overtaxed fans strain to aerate the grave-ly polluted

Ward  
Tumefied decedents belch their chemical cohorts into  
The air  
The airborne corpse-whiff adheres to fabrics, skin,  
And hair  
(Acrid reek...odiferous cadaver leak)
