"The Life Of What You Seek"

I look into the void.
I'm hypnotized, searching for the answers of the
other side.
Seeking my own reflections, my inner strenght.

Open the arcanum

I am the life of what you seek,
the power runs in me.
I'm the key to reality,
united we are the complete..!!
I look into the void.
I'm hypnotized, searching for the answers of the
other side.

I am the life of what you seek,
the power runs in me.
I'm the key to reality,
united we are the complete..!!
