Just got a letter from her, sat down and read it,
Just like all the others I've had before,
Brings back memories of the times we spent together,
I'll be coming back to you when the time comes.
Told me how she feels, how she feels about me,
Wants me to write and say how I feel about her,
We sure had good times in that short time,
I knew her I'll be back when the time comes.

Chorus:

It won't be long before I'm up and gone,
I'll be coming back to you with all my love,
We'll share our days, share our nights,
Share all the things we like,
When I'll be coming back to you when the time comes.
I've had other women that I spent my time with,
You've had other men, so we both know where we
stand,
We had a good thing, let's keep it going,
I'll be coming back to you when the time comes.

Chorus:

It won't be long before I'm up and gone,
I'll be coming back to you with all my love,
We'll share our days, share our nights,
Share all the things we like,
When I'll be coming back to you when the time comes.
