Well you may not see me when you come back
I could be sharing someone else's pillow
And my love for you is better than diamonds
To you everything I bestow

And tomorrow I'll be dancing on my own
And I'll need a kiss for my head that's aching
And I'll be a hungry dog without a bone
Hoping my place with you's not taken

Kiss me and tell me it's not broken
Kiss me and kiss me till I'm dead
See I give you the stars from the bruised evening sky
And a crown of jewels for your head now
For your head now
For your head now
For your head

One last night in bed for a time
Two more wishes and both are foresigned
And three guesses you're the angel's child
And four hopes that this love's not boiled

Kiss me and tell me it's not broken
Kiss me and kiss me till I'm dead
See I give you the stars from the bruised evening sky
And a crown of jewels for your head now
For your head now
For your head now
For your head now

Well, if you'll come back I'll take you to the garden
We'll dance to an orchestra on the law
And we'll roll in the foggy tune
And dance with the ghost upon the dawn

Then you'll kiss me and tell me it's not broken
Kiss me and kiss me till I'm dead
See I give you the stars from the bruised evening sky
And a crown of jewels for your head now
For your head now
For your head now

For your head now

(For your head now)

Ohhh...
