When your girlfriend asks you 'round to her house, and
you meet her folks
And they say that your hair's too long, and you're not
their kind of bloke
They grab you by the collar and they throw you through
the door
You don't have to be in the army to fight in the war
Well, you're working very hard to get promotion in your
job
But arrive late on morning just because you missed the
bus
The foreman says "You're fired, because your
punctuality's poor"
You don't have to be in the army to fight in the war
Then you go into a hotel to get put up for the night
And they say that you can't stay there, just because
your shirt ain't white
You're tired and you hungry, and you cannot walk no
more
You don't have to be in the army to fight in the war
Ain't no money, ain't no woman, ain't no roof above
your head
So you lay down in the park, and you wish that you were
dead
The fuzz says you are trespassing, and kicks you in the
jaw
You don't have to be in the army to fight in the war
The fuzz says you are trespassing and kicks you in the
jaw
You don't have to be in the army to fight in the war
You don't have to be in the army to fight in the war
You don't have to be in the army to fight in the war
You don't have to be(etc. fade out)
