[Intro:]

Selassie I

Hi, What's Up?

What's Your Name Ma?

You're Looking So (Heavenly)

(Yeah) Eh Eh It's Munga

[Chorus:]

I Will Hold Her In My Arms

And Put Her Head Upon My Shoulder

I Will Keep Her Warm

And Even When The Night Get Colder

We Have Grown In Love And

Every Day Were Getting Older

Still I Will Keep You Warm (Warm)

I Will Keep You Warm (Warm)

[Verse 1:]

Hey Camille

I Know The Way You Feel

I Tell You Not To Worry

Cause You Know This Love Is Real

Yeah Straight Up Loving

And No Back Door Deal

Full Of Pride, Couldn't Hide, can't Conceal

Cause You're My Baby Girl

That Brings My Baby Girl

I'm Not Michael Jackson But You Rock My World

May I Say You Are More Valuable Than The Rubies And

Pearls

[Chorus:]

I Will Hold Her In My Arms

And Put Her Head Upon My Shoulder

I Will Keep Her Warm

And Even When The Night Get Colder

We Have Grown In Love

And Every Day Were Getting Older

Still I Will Keep You Warm (Warm)

I Will Keep You Warm (Warm)

[Verse 2:]

Let Me Introduce Myself Munga I'm The Boss  
I Got To Let You Know I Was Attracted When You  
Passed  
Smokin On My Herbs And Prippin Through My Gucci  
Glass  
At Your Cute Face, Your Pretty Boobs And Your Sexy  
Ass, Yeah  
Cause I Was Meant For You  
And You Were Meant For Me  
It's So Clear That This Lovin Was Meant To Be  
I Was Sent For You  
You Were Made For Me  
And This Love Is So... (Heavenly)

[Chorus:]

I Will Hold Her In My Arms  
And Put Her Head Upon My Shoulder  
I Will Keep Her Warm  
And Even When The Night Get Colder  
We Have Grown In Love  
And Every Day Were Getting Older  
Still I Will Keep You Warm (Warm)  
I Will Keep You Warm (Warm)

[Verse 3:]

And This Is Coming Straight From My Heart  
I Got To Give You Lovin Cause You're My Counterpart  
A Man Without A Woman Is A Man Without A Heart  
But Loving You Is Such A Blessing... I Can Say That

[Chorus:]

I Will Hold Her In My Arms  
And Put Her Head Upon My Shoulder  
I Will Keep Her Warm  
And Even When The Night Gets Colder  
We Have Grown In Love  
And Every Day Were Getting Older  
Still I Will Keep You Warm (Warm)  
I Will Keep You Warm (Warm)

[Repeat Verse 1 Till End]
