

Municipal Waste "Authority Complex"

Visit "[Authority Complex](#)" on MotoLyrics.com

I never care about what you've been taught
I got side with the things you want
When you drop down it just makes no sense
Cause I'm not ... sitting a weekend left

Bands of aggression, bound to the years
You're a ... and facing all your fears
...to the alien, replaced with a complex
To when you really conquer, whoever puts you to the
test

You think you're in charge but it's all in your head
And the truth gone ... for it
You should contemplate a better plan
Bands of aggression, bound to the years
You're a ... and facing all your fears
...to the alien, replaced with a complex
To when you really conquer, whoever puts you to the
test

You ... that's why we ... has been shut down
Shut down.
