I aint seen shit  
i aint heard (nothing) i dont know what happen  
i dont speak pig latin  
i am a motherfucking true when its us against you  
so fox skyhutch and inspector goose  
i was taught dont rely on pigs for protection  
shit i dont even ask em for directions  
youre in the wrong section of the hood for a crime to be  
inspected  
got this block infected  
you could get ejected inspected  
aint no love when youre the fuzz  
i mean the fizz i mean my daddy told me who you was  
i mean the wiz I mean  
you cant get win  
ease on down the road we got a dont speak to cops  
code  
i went pro working for the man with the electric chair  
thats why i never watched roberta and i hated huggie  
bear  
even scooby doo snitched with that hippy ass van  
but me i know the scoop i know the plan  
ask me no questions i tell you no lies  
you know the deal the real criminals who dressed in  
suit and ties  
who holds the wealth you do more damage than health  
so for me and my folks we gonna just do for self  
i dont know shit about those stolen goods  
you want peace mother fucker raise up out tha hood  
i think you should no one is all i m gonna say  
to get that 411 you better go ask mary j.  
eroc do not play when there's pigs in town clown  
you try looking up encyclopedia brown  
thats when he frown asking who selling herb  
i got disturbed fool i'm not your mocking bird  
the only words coming out of my mouth is a lyrical  
thang  
so please back tha fuck up off my screen tho  
since i was four you was known to be the enemy  
like rintintin you only give a shit for me  
the community took four steps higher

86ing motherfuckas working for the suppliers  
so sayonara before you catch a cap in your ass  
no more questions in here so dont ask

chorus  
you want peace motherfucka  
raise up out of the hood repeat

well all the tattletalers and undercover dwellers  
they are here to be placed into helicopter propellers  
and the narcotic snatched up by the seat of his pants  
his face was driven into a hill of army ants  
the man had the murder for his benz and his face  
i never saw the assailant he vanished through the mists  
"you know the faces and names all your stories are  
polluted  
tell me the truth before i have you electrocuted"  
attempting on my person wouldnt be the wise thing  
in your thoughts you have fear of my peoples uprisings  
the masses rebel your aircraft propels  
a cop was shot seven rounds were expelled  
went straight right to hell just for being a fascist  
burned uniforms and piles of human ashes  
"your making this difficult so for being a bastard  
i'll have you charged for murderer and resisting  
arrest"  
I never did resist you're telling 4 smiths  
shes swung with the sticks so i made a spinal column  
twist  
twist one came with a body blow to osaygefo  
and he struck my abdominals and fractured his hand  
rebels away through the twigs blasted their wigs  
and there you will find a red ocean of pigs  
stay away from my zone  
where it starts and it ends  
that's how we murder policemen upon planet 10  
step into this 8 by 10  
im getting nervous you feel me point blank  
yo i feel the coppers came to serve us  
but now here he comes  
stepping through the fucking dough  
and we dont know who smoked that motherfucking cop  
at the liquor store  
but now you creep through the hood looking for a clue  
but your bob head twice with the point blank crew  
running up my bumper for late registration  
taking me to that station for interrogation  
and i guess i'm just supposed to just let my tongue run  
asking me shit that would get my mother hung  
but where im from up in my hood the shit wont raise  
if a brother is constantly tripping that would be his arse

but now you wanna creep up on me and threaten me  
with time  
while you got the billy club pointed at my spine  
with things nowadays aint the same like they used to  
be  
doing time for contempt aint new to me  
i never feared going down with my whole damn crew  
only thing that i fear is ever fucking with you  
well i too took a beating from the boys in blue  
and all cops watched like a pay per view  
and unless you're referring to this incident  
we dont know nothing and we aint seen shit  
get it

chorus
