"A man can't live alone" I think that all time.
When I notice the meaning remember precious you
When I'm very hard and sad Always notice be by me
So I held anytime remember precious you
"A man can't live alone" I think that all time.
When I notice the meaning remember precious you
When I'm very hard and sad Always notice be by me
So I held anytime remember precious you
Thanks to you!! (I could) smile with all my heart
Thanks to you!! (I could) gain confidence
Thanks to you!! I just can't wait for tomorrow
Thanks to you!! I'm just in here now

Thanks to you!! (I could) be kind of others
Thanks to you!! (I could) believe in future
Thanks to you!! (I could) come to like others
Thanks to you!!
LaLaLaLaLa...
Thanks to you!! (I could) gain confidence
