What's up?

I can say magic words for you.

Because, we have, good friend, good time  
and good music.

I can kick out your darkness.

Kick out my sadness.

Because, we have, good friend, good time  
and good music.

It's my life.

It's my style.

Let's fight yourself!!

Can't stop!!

We know. We go.

Keep your self!

I want to look your smile.

You don't know?

What are you waiting for.

Time has come!

Are you ready?

Let's party now!!

Let's fight yourself!!
