Only the voice of the Demon  
Would be good enough  
To tell thy story  
Oh, magnificent

A story that took place at the night shadows  
Full of horror and sprinkled with blood  
And lacerating screams  
Nights of blood

ORGY - sprinkled with blood  
PLEASURE - made by flesh

Oh, Countess  
From Hell where thee live  
Listen to our homage  
Princess of Hell

Thee that found  
Through thy macabre orgies  
The secret of life  
In the blood of young girls

Impiety and cruelty  
Magnificent and beautiful  
Thy evilness enchants me  
Countess Bathory

Mistress of the gloomy nights  
That made thy life  
A cult to pain and pleasure  
An apology to blood
