Fuck you, get out of my face.

White trash straight from outer space.

Kick the shit right out of you,

Leave you in the rear view.

I've told you once before, you're gonna piss me off.

And after tonight, the world's gonna' know my name,

Then then they'll call me...

Mr. Motherfucker

Punch you in the fucking face.

It just makes me feel great.

And I don't give a goddamn, that's just the way that I am.

There's nothing left to say but fuck you anyway,

But after tonight, the world's gonna' know my name,

Then they'll call me...

Mr. Motherfucker

There's nothing left to say, but "Fuck you" anyway.

And after tonight, the world's gonna' know my name,

Then they'll call me...

Mr. Motherfucker
