Mom and dad i'm not sorry...
For putting bullets in your body.
One day i hope you'll understand,
That I did it for the man yeah!
Well he gave me a command,
He said "Kill your mom and dad."
He said "It's time to be a man."
And fill them full of led.

(Chorus)

And now the devil made me do it and i'll do it again...
The devil made me do it and i'll do it again x3

Mom and dad you're beautiful,
With bullet holes in your skull.
And red looks good on you too,
Good-bye, Good riddance i hate you!
It was a really simple plan,
Go in and kill mom and dad.
There's just one lesson to be learned,
You fuck with me you'll sleep with worms.

(Chorus)

Mom and dad i'm not sorry,
For dismembering your body.
Infact it was a dream come true,
To have the honour to kill you!
I hope you're both doing fine,
With your god up in the sky,
Well me i'm doing well,
In the luxuries of hell

(Chorus)
