Nowhere, No place I'd rather be
I'm my own sideshow,
Act of filth and misery
I live my whol damn life in color my future's so black
and white
I've got a non-stop ticket, no destination in sight

So step right up for the ride of your life
The line starts here, in the back of my mind

I ride into the super sci-fi
My stars are falling down, down, down
To the earth tonight

So step right up for the ride of your life
The line starts here, in the back of my mind
Well you can re-arrange the strange and derranged
The sign up ahead says "Welcome to the Strange"
Welcome to the strange

So step right up for the ride of your life
The line starts here, in the back of my mind

Nowhere, No place I'd rather be
I'm a self-made monster
And my own worst enemy

So step right up for the ride of your life
The line starts here, in the back of my mind
Well you can re-arrange the strange and derranged
The sign up ahead says "Welcome to the Strange"
Welcome to the strange
