Anti-Fan, you're not my friend
Arch nemesis 'til the end
Cuz some shit bends and some shit breaks
But our shit rocks and your shit's fake

And I don't think you realize
That talent comes in many kinds
But your shit just ain't quite there
So here's your lesson, take a seat right here

Anti-Fan, no!

Now I don't want to be the one
To talk shit, that's your job, son
Cuz I'm just here to make it clear
That MuRdoK is something to be feared

It may come slow; it may come quick
And if it does, then suck my dick
Cuz I can't stand you foolish child
So juvenile, So in denial

Anti-Fan, no!

With drugs on the brain
Life don't taste the same
Music flows, Anger grows

Mother. Fucker.

We'll never fall down. No.

Anti-Fan, you're not my friend
Arch nemesis 'til the end
Cuz some shit bends and some shit breaks
But our shit rocks and your shit's fake
