I can't  
De-scribe  
The  
Pain  
You cause  
Me

I was never good enough  
I'm fucking sick of being tough

I guess  
I lack  
In  
Looks  
Or some-thing

With this, I have come to grips  
I cannot offer more than this

[Chorus:]  
(Last line?) I am falling down.

You trust  
Me with  
Your  
Deep-est feelings

Now I question all you're saying  
Seems to me that you've been faking

Lies  
Slow-ly  
A-cu-mula-ting

Why can't I just finally wake up  
See the truth, avoid the shakeup

[Chorus]
