"Sit Home And Rot"

Visit "[Sit Home And Rot](#)" on MotoLyrics.com

I don't wanna go outside
I like to be where I can hide
Friends are not important to me
The sheltered life is what I need

Sit home and rot

Girls well they're ok
I'd rather watch tv anyway
Sit and home and play Atari
Smoke my herb like Rastafari

Sit home and rot

I don't wanna go and play
At home is where I'd rather stay
Watching movies all the time
Drinking all this beer and wine

Sit home and rot

Girls well they're ok
I'd rather watch tv anyway
Sit and home and play Atari
Smoke my herb like Rastafari

Sit home and rot
