When you're young and you don't know nothing  
Life is in the back of a van  
Wondering who's getting what from whoever else  
And wondering if you can  
Wasting your time in some goddam school  
Everybody's pushin' and shoving  
Running 'round angry most of the time  
Cause you're young and you don't know nothing.  
Running 'round angry most of the time  
Cause you're young and you don't know nothing.

When you're young and you don't know nothing  
Everything's locked behind doors  
Like your daddy's afraid that you might find out  
What he really married mama for  
Screaming about responsibility  
While you're just trying to get some lovin'  
One more fight brings you down tonight  
Cause you're young and you don't know nothing  
One more fight brings you down tonight  
Cause you're young and you don't know nothing

When you're young and you don't know nothing  
You laugh but it ain't too funny  
They try to sell you clothes and rock and roll shows  
You got no rights except for spending your money  
You get sick of being criticized  
And all the advice they try to stuff in  
Just a chip on your shoulder  
And nowhere to go  
When you're young and you don't know nothing  
Just a chip on your shoulder  
And nowhere to go  
When you're young and you don't know nothing
