Yea yea Yea yea yea. Yea yea yea yea yea
We live and we die life is full of surprises
and I cant get over the fact that your gone.
I try to realize your not part of my life.
But I still try to fight but it just don't seem right.

Bridge

Cause your not here anymore.
I can still see you walking out the door.
Your just a memory of what used to be.

Chorus

(Yeah)Sitting with my head between my hands.
I know ill never get you back again.
I never meant to hurt you never meant to make you cry.
(Why am I surprised.) I am who I am because of you.
I'm sorry for the pain I put you though.
Maybe its all just a dream.
But your still a part of me.

V2

I didn't think you do it. You really leave me.
If I did it would be different believe me.
Its easy to say baby I'm a change.
The very next day it was the back to the same.
Going though my phone finding new names.
I said it was business I was so lame.
You saw though it and held me down.
A real queen, you held that crown.
You made such an impression on my life.
Natural progression was you to be my wife.
We talked family, we talked kids.
You thought I'd clam down, I never did.
I bought you home things from the rode before.
Malaysia, Australia silk form Singapore.
But what I give you this time you cant get rid of.
So you left me tired of this sick love.

Repeat chorus

Sitting with my head between my hands.
I know ill never get you back again.

I never meant to hurt you never meant to make you cry.
(Why am I surprised.) I am who I am because of you.
I'm sorry for the pain I put you through.
Maybe it's all just a dream.
But you're still a part of me.

Sitting here listening to the record you bought me.
Kinda blue original copy
You changed my life put me on to so much.
I miss our talks more than your touch.
Such a fool to lose such a good thing.
You showed me parts of my city that I never seen.
Parts of myself that I never knew existed
Then I got famous I got it twisted!
You needed me I didn't need you.
Find you a man that can do what I do for you.
I flew you to Rome I paid for this home.
How you coming at me like you grown.
Forget what I did on tour
I said I loved you, you needed more
Why you trippin you need to understand
Sometimes a man's gotta be a man.

Repeat chorus
Sitting with my head between my hands.
I know I'll never get you back again.
I never meant to hurt you never meant to make you cry.
(Why am I surprised.) I am who I am because of you.
I'm sorry for the pain I put you through.
Maybe it's all just a dream.
But you're still a part of me.

Music interlude

Dam dam dam dam dam dam dam!
Walk in the house late, drunk, stumbling,
I pass out you would come tuck me in.
Where you at? Baby I need you.
I never knew all the pain this would lead to
I'm sorry I lied, tried to deceive you
You said you'd leave but I didn't believe you.
I'm sorry, I'm sorry, I'm sorry,
I'm so sorry, I'm sorry, girl
I'm sorry I'm sorry, I'm sorry,
baby I'm sorry.
