i'm hyperactive-you twice the faggot to bite a fat Penis//
mine; imagine you wrapping ur lips around it to make
me splat quick//
fine; you have long hair and pretty nails//
but that does not exclude this dude into proving the
fact he's not really male//
i'll fill him well-with a hundred buckets of wombat
semen//
you wanna fight me cause you don't like me more that
likely-right? good cause it's combat season//
i was a lost cause-kicked in the nuts and had to get
gauzed balls//
downed a 5th of tall paul and the nurse left the room
with glossed jaws//
she said it wasn't consensual-oh well i was into you//
tried to spit in you-leave you with a kid or two-then get
rid of you//
i was doin 85 on a mountain bike//
drunk,saw a couple of cops-tried to sober up and down
some sprite//

but i'm goin out tonight more or less imma clown and
fight//
and it's a thousand dikes in the light and they all gone
down my pipe//
i don't care if you lick clit, eat tush and don't wear
lipstick//
i got a big Penis so swallow me whole til ur lips turn
blistered stiff Bia// *reply if you dig it*
