I get the feeling girl, you need someone  
Who love and appreciate you  
I get the feeling girl, you need someone  
Who love and appreciate you

Now I was lost, confused, caught up in my feelings  
When I first started finding other women appealin'  
Thinkin' that the grass is greener on the other side I  
panicked  
Settlin' down so young, wasn't how I planned it

Man it seemed like yesterday, we was all about each  
other  
Never in a million years would I need another lover  
But you got too familiar, not like I didn't feel ya  
But sayin' something new while we make love would it  
kill ya?

Calm baby girl, it's not an excuse 'cause  
I probably could have put that gym membership to use  
I put on the weight you put on the brakes  
Now we both sit around with that look on our face

You wonder who I'm seeing and I'm wonder who you're  
seeing  
But we too afraid to ask 'cause we both got our demons  
The reason why we should try to keep this thing  
together  
'Cause we stood by each other through all types of  
weather

I get the feeling girl, you need someone  
Who love and appreciate you  
I get the feeling girl, you need someone  
Who love and appreciate you

Now all that takin' you for granted done stop  
And the love that we standin' on is solid as a rock  
Not but nothing but couple months back when we  
fought  
I couldn't live with myself thinking that you were lost

And now we found common ground  
The crib found empty never havin' you around  
Now we getting down and the sex is full throttle  
Chillin' on the couch watchin' next top model

Don't wanna be nowhere else  
It was time for me to put the pimp game on the shelf  
You helped with the bills and I helped with the bills  
They say that don't work, but it's cool I know the deal

I found a real women that'll stay down for me  
Should've never had doubts 'cause I found you early  
While my homeboys search, I had what I need  
And I'm glad you agree

I get the feeling girl, you need someone  
Who love and appreciate you  
I get the feeling girl, you need someone  
Who love and appreciate you
