[Sample] That's the way I always heard that it should be
You say you wanna marry me [Verse One] I'm looking for the one
They tell me stop lookin' And everywhere I look I seen all the good ones
tooken Mistake, taken, so heart breakin' They say be patient so
I just keep waiting Ring finger vacant Ain't gotta be perfect but I'm
hoing you adjacent Close to it, go through it, baby that's whow most do it
Fake it 'til we make, then attach some hope to it And let it flow on
Bow tie dunks, with my sport coat on And we standing at the alter
I'm looking in your eyes Hoping that I don't falter cause I adore you
can't wait to explore you Give you every luxury that I could afford to
You lead me and let me lead the way As times goes on I love you more
each day (Will you marry me) [Chorus] If you could I'm down on one knee
Hoping that it's all good To have you, to hold you, to cherish you forever
Build a family and some memories to treasure The first day of the rest of our life
We stand together as husband and wife Family and friends get together, throw rice
If you say yes, it will be so right If you would... [Sample] (That's the way I always head that it should be
You say you wanna marry me) [Verse Three] Who want to treat you like a queen
Cook and clean A Father MC to help you live the dream The house, the children
A future worth building Please and use the ark that I wanna be stilled in
A million kisses, a thousands roses You're my everything, without you I'm hopeless
I go the extra mile to make sure you know this Put you on a song, for the world to notice
And oh yes It only gets better What we have here is the truth, forever What ever happens, my
love is unchangin' My shining star, my sun and the rainin' The good, the bad, the hurt, the painin'
The times we drive each other insainin' Won't always like you but never not love you
And solemnly swear to put nothing above you [Sample] (Will you marry me)
[Chorus]
