People talking about sweaty...
I'm kinda sweaty...

Peace love ecstasy (x3)
Unity respect [x2]

I'm getting tired and I'm sweaty,
But I still want to touch you if you let me.
Because we hugged a few times
It was special
And we'll be working all night cause it's pumping.
And you were special

My hand slipped into your hand,
And it was awesome
And you were special. [x2]

Peace love ecstasy (x3)
Unity respect [x3]

Ohhh

I'm getting tired and I'm sweaty,
But I still want to touch you if you let me.
Because we hugged a few times
It was special, and we'll be working all night cause it's
pumping.
And you were special
And you were special
And you were special

My hand slipped into your hand,
And it was awesome
And you were special. [x4]

Peace love ecstasy (x3)
Unity respect [x2]
