Follow through Make your dreams come true Don't give up the fight You will be alright 'Cause there's no one like you in the universe

Don't be afraid What your mind conceives You should make a stand Stand up for what you believe And tonight We can truly say Together we're invincible

During the struggle They will pull us down But please, please Let's use this chance To turn things around And tonight We can truly say Together we're invincible

Do it on your own It makes no difference to me What you leave behind What you choose to be And whatever they say Your souls unbreakable

During the struggle They will pull us down But please, please Let's use this chance To turn things around And tonight We can truly say Together we're invincible Together we're invincible

During the struggle They will pull us down Please, please Let's use this chance To turn things around And tonight We can truly say Together we're invincible Together we're invincible
