The wavelength gently grows
Coercive notions re-evolve
A universe is trapped inside a tear

It resonates the core
Creates unnatural laws
Replaces love and happiness with fear

How much deception can you take?
How many lies will you create?
How much longer until you break?
Your mind's about to fall

And they are breaking through
They are breaking through
They are breaking through
And we are losing control

And they are breaking through
They are breaking through
They are breaking through
Now we're falling, we are losing control

Invisible to all
The mind becomes a wall
All of history deleted with one stroke

How much deception can you take?
How many lies will you create?
How much longer until you break?
Your mind's about to fall

And they are breaking through
They are breaking through
They are breaking through
Now we're falling, we are losing control
