"Neutron Star Collision"

I was searching
You were on a mission
And our hearts combined like
A neutron star collision

I have nothing left to lose
You took your time to choose
Then we told each other
With no trace of fear that

Our love would be forever
And if we die, we die together
And I, I said never
'Cause our love would be forever

The world is broken
And halos fail to glisten
You try to make a difference
But no one wants to listen
Hail the preachers, fake and proud
Their doctrines will be cloud
Then they'll dissipate
Like snowflakes in an ocean

Love, is forever
And we'll die, we'll die together
And I, I said never
'Cause our love could be forever

Now, I've got nothing left to lose
You take your time to choose
I can tell you now
Without a trace of fear

That my love will be forever
And we'll die, we'll die together
And I, I will never
'Cause our love will be forever
