### "Unsustainable"

Visit "[Unsustainable](#)" on [MotoLyrics.com](#)

All natural and technological processes proceed in  
such a way that  
the availability of the remaining energy decreases.  
In all energy exchanges, if no energy enters or leaves  
an isolated  
system, the entropy of that system increases.  
Energy continuously flows from being concentrated, to  
becoming  
dispersed, spread out, wasted and useless.  
New energy cannot be created and high grade energy  
is being  
destroyed. An economy based on endless growth is...  
Un-sus-tain-able!  
Un-sus...  
Unsustain, unsustain-able  
Unsustainable, unsustainable  
Unsustainable, unsustainable

Unsustain, unsustain-able  
You're un-sus-tain-able!  
Unsustainable, unsustainable, unsustainable  
Ooh ooh  
Ooh Uuuh  
Uuuh Ouhh  
The fundamental laws of thermodynamics will place  
fixed limits  
on technological innovation and human advancement.  
In an isolated system the entropy can only increase. A  
species set  
on endless growth is... Un-sus-tain-able!  
Unsustain, unsustain-able  
Unsustainable, unsustainable  
Un-sus...  
Unsustainable, unsustainable  
You're un-sus-tain-able
