I often thought IÂ'd catch a lift,
to a better place and time,
where moneyÂ's not a problem,
love stories work out fine.

Now I wander through our past
(futureÂ's been and gone),
I wanderÂ...

I can touch the sky,
with you, IÂ'll never die.

Take my Dear John letter,
better read than dead.
true that I was blinded,
still too easily led.

Love you and then leave youÂ...
isnÂ't that a crime?
I still wanderÂ...

I can touch the sky
now, Look how free I fly.
