Love, so many things I've got to tell you
But I'm afraid I don't know how
'Cause there's a possibility
You'll look at me differently

Love, ever since the first moment
I spoke your name
From then on I knew that by you being in my life
Things were destined to change, 'cause

Love, so many people use your name in vain
Love, those who have faith in you sometimes go astray
Love, through all the ups and downs the joys and hurts
Love, for better or worse, I still will choose you first

Many days I've longed for you wanting you
Hoping for the chance to get to know you
Longing for your kiss
For your touch, your feel, your presence

Many nights I've cried from the things you do
Felt like I could die from the thought of losing you
I know that you're real
With no doubts and no fears and no questions

Love, so many people use your name in vain
Love, those who have faith in you sometimes go astray
Love, through all the ups and downs the joys and hurts
Love, for better or worse, I still will choose you first

At first you didn't mean that much to me
But now I know that you're all I need
The world looks so brand new to me
Now that I found love everyday I live for you

And everything that I do
I do it for you
What I say is how I feel so believe it's true
You got to know I'm true

Love, so many people use your name in vain
Love, those who have faith in you sometimes go astray

Love, through all the ups and downs the joys and hurts
Love, for better or worse, I still will choose you first
