Blacklung coat and your little crown
That's the crown that you get for falling down
Hey baby let me look in your eyes
I see you standing in a weird red light
The pump and grind that I call my head
The suck milk nebula I use instead
The suck milk clot and the sweet cream udder
The weird red light that pulls you under
Open my scars come out my stars
Slut me open and suck my scars
And now I'm loaded
Yeah now I'm loaded
Black lung coat and your little crown
That's the crown that you get when you fall down
Hey baby won't you wave goodbye
As you go up the fucking weird red light
The rotten sun spits on your raw hide
Cause you're the depths of the son of a suicide
He only laughs when you try to
Rat poison daughter of a suicide
Slut me deeper and suck my scars
Better open your eyes when I come down
And I'm loaded
Yeah now I'm loaded
Don't blush when I rip you open
Don't blush when I rip you open
Hey baby let me look in your eyes
As you go up into your weird red light
The pump and grind that I call my head
The suck milk nebula I use instead
The sweet cream clot and the sick milk udder
The weird red light that pulls me under
You open and suck my scars
You better open your eyes when I come down
Yeah now I'm loaded
I just get loaded
I just get loaded
I just get loaded
