Push, push in the bush
Push, push in the bush
Push, push in the bush

I like to do the things you like to do too
I like to do it, do it
I want to do the things you want to do too
So baby, let's get to it, do it

Sometimes no fun for peace of mind
Peace of mind
If you must do a peace, peace, peace of mind
Come on and do it, do it

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this

Push, push in the bush (Say are you ready too)
Push, push in the bush (You know I like to jump)
Push, push in the bush (How 'bout if we could just)
Push, push in the bush (You know I want to get down)

Get down, get down, do it, do it

I like to do the things you like to do too
I like to do it, do it
I want to do the things you want to do too
So baby, let's get to it, do it

Sometimes no fun a peace, peace, peace of mind

Peace of mind
If you must do a peace, peace, peace of mind
Come on and do it, do it

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this, oh

Push, push in the bush (Say are you ready too)
Push, push in the bush (You know I like to jump)
Push, push in the bush (You know I want to get down)

In the bush, in the bush (I like it)
In the bush, in the bush (Yeah, yeah, I like it, I like it)
In the bush, in the bush (I like it)
In the bush, in the bush [Get down, get down]
In the bush, in the bush [Oh... get down, get down]
In the bush, in the bush (I like it) [Yeah... hea...]
In the bush, in the bush (I said I like this, yeah)
In the bush, in the bush [Oh... ho... ho...]
In the bush, in the bush [I said I want it]
In the bush, in the bush
In the bush, in the bush (Are you ready for this) [You like it]
In the bush, in the bush (Ooh)
In the bush, in the bush (Are you ready for this)
In the bush, in the bush (Sock it to me, sock it to me)

Ow

Some of the time means part of the time
And part of the time means none at all
Some of the time means part of the time
And part of the time means none at all

We like it, we like it
Get down, get down, get down
Yeah

Some of the time means part of the time
And part of the time means none at all
Some of the time means part of the time
And part of the time means none at all

Are you ready, are you ready, are you ready

Some of the time means part of the time
And part of the time means none at all
Some of the time means part of the time
And part of the time means none at all

I like it, I like it, I like it, I like it, I do
In the bush
Oh, baby

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this

Are you ready, are you ready for this
Do you like it, do you like it like this
Are you ready, are you ready for this
Do you like it, do you like it like this, oh

Push, push in the bush
Push, push in the bush
Push, push in the bush (You know I want to get down)

Yeah, yeah, yeah
Oh, yeah
In the bush (In the bush)
In the bush (In the bush)
You know you like it (Oh, I like it)
You know you like it (Ooh, I like it)
I said we like it (Oh, we like it, yeah)
You know we like it (Yeah, we like it, we like it)
You know we like it (Ooh... hoo... hoo...)
We do it in the mornin' (Any time you can have it)
Sometimes we need it (Every time that you need it)
In the bush (You can get it, yeah)
In the bush (Come on, come on tonight)
In the bush (Hey... hey... yeah... yeah...)
In the bush (In the bush, yeah)
In the bush
In the bush
In the bush

Some of the time means part of the time
And part of the time means none at all
Some of the time means part of the time
And part of the time means none at all

It's time to get down

Some of the time means part of the time

And part of the time means none at all
Some of the time means part of the time
And part of the time means none at all

We like it, we like it

Some of the time means part of the time
And part of the time means none at all
Some of the time means part of the time
And part of the time means none at all
