If I could  
You know I would  
And I probably should  
Since the first day that I met you  
'Wanted to speak my mind, at least, you know I meant  
to.  
Good intentions, getting me nowhere  
Somehow got to find my way to tell you now....  
You don't know how much you mean to me  
And my life can't be the same  
But my hesitancy stands ten stories tall  
I've got to find a way, to tell you now....  
Someday....Right Now....Someday....

No use fighting, what I'm thinking  
Sometimes saying nothing's, worse than lying  
Gotta swallow, (my) reservations  
Now's the time to spit out every word I say....  
Someday....Right Now....
