Careful when you open
It's easy to be broken
In the strangest fashion
You start a chain reaction
When you look my way
Something's pounding away
And I wonder if I ever
felt this before
And all this time, oblivious
to what you make so obvious
I can't believe I never noticed my heart before
And you are reaching
Something that is beating
I can't believe I never noticed my heart before
Over and again
Racing out of my skin
I can't believe I never noticed my heart before
At least it was never until I noticed
you and your ways
Capture what I've misplaced
In the perfect fashion
Just watch my heart's reaction
This point of view
is nothing that I'm used to, but I
won't close my eyes
'Cause they're on to you
And all this time,
it was staring me blind
I can't believe I never noticed my heart before
And you are reaching
Something that is beating
I can't believe I never noticed my heart before
Over and again
Racing out of my skin
I can't believe I never noticed my heart before
At least it was never until I noticed
you
The only time I ever noticed my heart
Was when I noticed you, yeah
The only time I ever noticed my heart
Was when I noticed you, yeah

You, yeah, you, yeah!
And you are reaching
Something that is beating
I can't believe I never noticed my heart before
Over and again
Racing out of my skin
I can't believe I never noticed my heart before
'Till I noticed you, yeah
I noticed you, yeah
When I noticed you, yeah
You, yeah
When I noticed you, yeah
I noticed you, yeah
That's the only time I ever noticed my heart before
