"Wait For Me"

Love is a flower
That fades with the wind
Love is the morning after
Again and again
Death's a sweet corruption
That goes by and by
Death's a sweet little flower
That fades with the wind
Pre chorus:
Won't you wait for me
'Cos I'll wait for you
Will you wait for me
Chorus:
I love you but do you love me
I push and kiss you on the
Floor
I need you but do you need
Me
I don't need you anymore
The crossroad came
Another life a new decision
The factors involved
Placed us in a new dimension
I helped you
You tried to help me
Looking back long
It's the way it had to be
Pre chorus:
Won't you wait for me
'Cos I'll wait for you
Will you wait for me
Chorus:
I love you but do you love me
I push and kiss you on the
Floor
I need you but do you need
Me
I don't need you anymore
If I could hear I love you
From you one last time
If I could hear I love you
From you one last time

Like children in the shadows
Trying to find out why they
Are
Children lost in the shadows
Losing who they are
(chorus:)
