Deny the few that remain and send feeling to oblivion.  
The taste of survival has decayed to feel the touch of  
empty darkness.  
So, I'll never miss anyone the day I'll shoot my head.  
And no regret for lost joy, avoid rotting here.  
Hidden from the daily world, ugly soul marked by  
doom.  
The years have let an acid trance as a treat over  
humans.  
The dark path you'll follow. I'll take you in my fall.  
I also remember some times of vice and lust, but so  
few.  
Never asked you to understand my pain, just see me  
suffer.  
How many years I've lost the fight.  
The glory of the past times has gone, the union and our  
brothers,  
Gone, gone, gone...  
Nothing remains and I'm not sad to quit.  
The lead will show me the gate of death.  
Black, feeling bad on each second I breathe, black, my  
human shell becomes so weak.  
Black as the twilight of this world, black, this tunnel has  
no fucking end.  
Black as my heart and all I know, black as color of my  
soul.  
Black as drug and alcohol, black as the future of  
tomorrow.  
Black as the glorious circle's time, black as a past  
never to be back.  
Black, only my soul sad memory remains, black as my  
flowing bloodtears.  
Black as I suck the cold iron barrel, black as the metal  
on my teeth.  
Black as the seed of death's ejaculation, black as the  
lead that splatters my face.
