We looked everywhere

We looked everywhere

In the garden?

We looked in the garden

In the kitchen?

We looked in the kitchen

In the bedrooms?

We looked in the bedrooms, we looked in the garden

We looked in the kitchen, we looked in the bedrooms

We can't find Amanda everywhere

Where is Amanda?

We don't know

We looked and we listened, we opened the doors

We opened the windows, we looked on the floors

Where is Amanda?

We don't know!
