Well, I'm running from the law, but I got no place to go  
It always seems to be that way for me  
I've been dealt a dirty hand, no I'll never understand  
I just roll the dice and watch in disbelief

I don't know if I'll ever learn  
Only trouble in my way  
Danger lurking around every turn  
And it's growing every day

I can't say what it is that I've been looking for  
Maybe just a little peace of mind  
As I fade away from the life that's been enslaving me  
Give me just a little peace of mind

Now there's nothing I won't do  
Take my word, I'll follow through  
Of every little detail I'm aware  
Eat 'em up and spit 'em out, to no one I am devout  
Good or bad, I don't really care

I don't think that I'll ever learn  
Only trouble in my way  
Danger lurking around every turn  
And it's growing every day

I can't say what it is that I've been looking for  
Maybe just a little peace of mind  
As I fade away from the life that's been enslaving me  
Give me just a little peace of mind

I don't know if I'll ever learn  
Only trouble in my way  
Danger lurking around every turn  
And it's growing every day

I can't say what it is that I've been looking for  
Maybe just a little peace of mind  
As I fade away from the life that's been enslaving me  
Give me just a little peace of mind  
I can't say what it is that I've been looking for  
Maybe just a little peace of mind

As I fade away from the life that's been enslaving me  
Give me just a little peace of min
