This is the last time,  
is anything that different?  
This is the last time,  
is anything that different?

Same as always,  
a broken promise that you made.  
It's the same as always,  
a broken promise that you made.

This is the last time,  
is anything that different?  
This is the last time,  
is anything that different?

Same as always,  
a broken promise that you made.  
It's the same as always,  
a broken promise that you made.

Even the kiss of life,  
wouldn't save us (wouldn't save us) tonight.  
Even the kiss of life,  
wouldn't save us (wouldn't save us) tonight.

All good things come to.....  
All good things come to.....

Even the kiss of life,  
wouldn't save us (wouldn't save us) tonight.  
Even the kiss of life,  
wouldn't save us (wouldn't save us)  
wouldn't save us (wouldn't save us) tonight
