Mum just ban me  
to exit before 5 o'clock  
this scene conjured up me  
visions of my adolescence  
swearing, crying, swearing  
tearing apart  
weepin, weeping, weeping  
My lonely and sad Waterloo  
a paradogmatic problem  
just wait to be solved  
the difference between coffee or milk  
depends on my conduct  
Ego my personal hero  
suddenly flickering out  
Hyperspace, changing in mood  
The icon of my childhood  
Separate the raincoats  
from windcoats  
We are intended to love our ego  
personal guitar hero
