Aah aah aah aah...

You don't know a thing about this life  
And we are up for everything it takes to prove we're not  
the same as them  
And we will wear our masks again out after dark  
'Cause we are up for everything it takes and we are not  
the same

'Cause we are not afraid  
And we are not ashamed

And if you save my life  
I'll be the one who drives you home tonight  
And if they ever let you down  
I'll be the one who drives you home tonight

Remember, once you walked this kind of life  
Quietly I'll slip behind the wheel and passing every face  
you see  
The first time, sticking every piece as you walk by  
Proving that with all of my mistakes that we are not the  
same

'Cause we are not the same  
And we are all to blame

And if you save my life  
I'll be the one who drives you home tonight  
And if they ever let you down  
I'll be the one who drives you home tonight  
You home tonight

It's dropping you down  
It's dropping you down  
It's dropping you down  
It's dropping you down  
It's dropping you down  
'Cause it's dropping you down  
And it's dropping you  
Dropping you down

You don't know a thing about this life  
And you don't know a thing about this life  
And you don't know a thing about this life  
'Cause you don't know a thing about me  
You don't know a thing

And if you save my life  
I'll be the one who drives you home tonight  
If they ever let you down  
I'll be the one who drives you home tonight  
You home tonight  
Drives you home tonight

'Cause it's dropping you down  
'Cause it's dropping you down  
'Cause it's dropping you down  
'Cause it's dropping you  
Dropping you  
Dropping you down
