My Chemical Romance
"I Never Told You What I Do For"

Stay out of the light
Or the photograph that I gave you
And you can say a prayer if you need to
Or just get in line and I'll grieve you

Can I meet you, alone?
Another night and I'll see you
Well, another night and I'll be you
Some other way to continue to hide my face

Another knife in my hands
A stain that never comes off
The sheets clean me off
Well, I'm so dirty babe

The kind of dirty where the water
Never cleans off the clothes
I keep a book of the names and those

Only go so far
'Til you bury them
So deep and down we go

Touched by angels
Though I fall out of grace
I did it all so maybe
I'd live this everyday

Another knife in my hands
A stain that never comes off
The sheets clean me off
Well, I'm so dirty babe

It ain't the money
And it sure as hell
Ain't just for the fame
It's for the bodies, I claim and lose

Only those so far
'Til you bury them
So deep and down we go

Down
And down we go
And down we go
And down we go
And we all, fall, down, right now

I tried
I tried

And we'll all dance alone
To the tune of your death
We'll love again, we'll laugh again
And it's better off this way

And never again, and never again
They gave us two shots to the back of the head
And we're all dead now

Well, never again, and never again
They gave us two shots to the back of the head
And we're all dead now

I tried, one more night
One more night
We will, laugh out
Cry out, laugh out loud!

I tried
Well, I tried, well, I tried
'Cause I tried
But I lied, I lied

I tried
I tried
I tried

And we'll love again
We'll laugh again
We'll cry again
And we'll dance again

And it's better off this way
So much better off this way
I can't clean the blood
Off the sheets in my bed

And never again, and never again
They gave us two shots to the back of the head
And we're all dead now
