For what you did to me
Or what I'll do to you
You get what everyone else gets
You get a lifetime!

Let's go!

Do you remember back then when we met
You told me this gets harder
Well it did
Been holding on forever
Promise me that when I'm gone
You'll kill my enemies
The damage you've inflicted
Temporary wounds
I'm coming back from the dead
And I'll take you home with me
I'm taking back the life you stole

We never got that far
This helps me to think all through the night
Bright lights that won't kill me now
Or tell me how
Just you and I
Your starless eyes remain

Hip-hip-hooray for me
You talk to me
But would you kill me in my sleep
Lay still like the dead
From the razor to the rosary
We could lose ourselves and paint these walls in
pitchfork red
I will avenge my ghost with every breath I take
I'm coming back from the dead
And I'll take you home with me
I'm taking back the life you stole

This hole you put me in
Wasn't deep enough
And I'm climbing out right now
You're running out of places

To hide from me

When you go
Just know that I will remember you
If Living was the hardest part
We'll then one day be together
And in the end we'll fall apart
Just like the leaves change in color
And then I will be with you
I will be there one last time now
When you go
Just know that I will remember you

I've Lost my fear of falling
I will be with you
I will be with you
