

## **My Chemical Romance "Kill All Your Friends"**

Visit "[Kill All Your Friends](#)" on MotoLyrics.com

Well you can hide a lot about yourself  
But honey what are you gonna do?  
And you can sleep in a coffin,  
But the past ain't through with you.(you)  
'Cause we are all a bunch of liars,  
Tell me baby who do you wanna be?  
And we are all about to sell it  
'Cause it's tragic with a capital 'T'  
Let it be, Let it be, Let it be!

'Cause we all wanna party when the funeral ends  
[Ba ba ba, ba ba baaa]  
And we all get together when we bury our friends  
[Ba ba ba, ba ba baaa]  
It's been eight bitter years since I've been seeing your  
face  
[Ba ba ba, ba ba baaa]  
And you're walking away,  
And I will die in this place.

Sometimes you scrape and sink so low,  
I'm shocked at what you're capable of.  
And if this is a coronation,  
I ain't feeling the love.  
'Cause we're all a bunch of animals,  
That never paid attention in school.  
So tell me all about your problems,  
I was killin' before killin' was cool.  
You're so cool, you're so cool [So Cool]

'Cause we all wanna party when the funeral ends.

[Ba ba ba, ba ba baaa]  
And we all get together when we bury our friends.  
[Ba ba ba, ba ba baaa]  
It's been nine bitter years since I've been seeing your  
face.  
[Ba ba ba, ba ba baaa]  
And you're walking away and I will die in this place.

You'll never take me alive, you'll never take me alive.  
Do what it takes to survive 'cause I'm still here.

You'll never get me alive, you'll never take me alive.  
Do what it takes to survive and I'm still here.

You'll never take me alive, you'll never get me alive.  
Do what it takes to survive and I'm still here.

You'll never get me.  
[Get me! ]  
You'll never take me.  
[Take me! ]  
You'll never get me alive.

'Cause we all wanna party when the funeral ends.  
[Ba ba ba, ba ba baaa]  
And we all get together when we bury our friends.  
It's been 10 fucking years,  
Since I've been seeing your face round here,  
And you're walking away and I will drown in the fear.
