Don't wanna stand up outside your window  
But you just never know  
The current â€¦ my past â€¦ by me  
But you just never know

If my velocity starts to make you sweat  
Then just don't let go  
And if (the?) heaven ain't got a vacancy  
Then we just, then we just, then we just  
Then we just get up and go!

Ladies and gentle, the truth is not accepted  
The â€¦ is not rejected the prospect of crash

This car is getting away  
He's got no men on the whack  
He's got the shot out the back  
He's gotta stand down

Oh, let's go, go!  
I will be rooting for you  
Oh, let's go now!  
Because we dance down  
This planet's all gonna blow  
Ain't got no time for this now  
Don't fuck around, â€¦

If my velocity starts to make you sweat  
Then just don't let go  
It's the emergency room and the â€¦  
Then we just, then we just, then we just  
Get up and go!

(You'll) get lost in the beat  
You'll be running the scene  
You'll come party with me and never go home!  
Get lost in the beat  
Running the scene  
Just let them party with me, and never go home!

I don't believe in the law,

Don't believe in the law  
And no, you'll never get out, you gotta crawl

I wanna leave them, yeah  
I wanna feel you, yeah  
Let's ruin everything, blast in through the back door

Let's stop protecting them, and stop this mistake  
Collect the [lights from the stage]/[lateral mistake]  
And I've been down down!  
This is your right  
Please don't go back on us now  
â€¦

If my velocity starts to make you sweat  
Then just don't let go  
It's the emergency room and the way you sleep  
Then we just, then we just, then we just  
Then we just get up and go!

Oh, get lost in the beat  
Running the scene  
You'll come party with me and never go home!  
Oh, get lost in the beat  
Running the scene  
Just let them party with me, and never go home!

You keep eternity, give us the radio  
Apply the battery, we're taking back control  
It makes the energy light up the effigy  
No temperature be stopped but now I'll show you  
Don't go no no, oh, oh  
Get up and go

Oh, get lost in the beat  
Running the scene  
Kill the party with me and never go home  
Get lost in the beat  
We're part of the scene  
Just leave the party with me, and never go home

Are we still having fun?  
Oh, you're holding the gun  
Just take the money and run  
We'll never go home

I've got nothing to lose  
You've got nothing to say  
And we'll give it away  
We'll never go home

I think I'm gonna go now  
I think I'm gonna go now  
I think I'm gonna go now!  
Gonna go round, gonna go round, gonna go round,  
gonna go round  
Go round, gonna go round

Go home!
